# Frequently Asked Questions

## What can Frontier do for me?

Frontier can help you get cash in 24 hours.

## How will that happen?

Through pre-settlement funding, post-settlement or refinancing your current settlement at a better rate - guaranteed.

## What is pre-settlement funding?

Pre-settlement funding is a cash advance on future compensation from your lawsuit.

## What is post-settlement funding?

Even after a case has settled, it can take several months or even years before you actually receive payment of your settlement. Post-settlement can help pay bills while you wait.

## Is pre- or post-settlement funding a loan?

No, it is not a loan. You are not borrowing the money. Instead you are selling a portion of your settlement proceeds in exchange for non-recourse funding.

## What is non-recourse funding?

You are provided with non-recourse funding which means if you lose your case you are not required to pay back anything.

## How much cash can I get?

From 15-20%. The answer is based on a simple formula which considers liability (who is at fault for the accident), damages (injuries, treatment, lost wages, etc.), and available insurance for your claim to be recovered.
